## STORM DAMAGE HIGH IN EAST

Count at Least Sixteen Dead  
in New England and  
New York.

The Associated Press  
Northeastern states were  
blanketed in snow varying in  
depth from three inches in New  
York City to 28 inches in Atida,  
N. Y. today and at least 16  
deaths were caused by the storm,  
which brought winds of gale pro-  
portions in the Boston area.

Snow flurries struck the Great  
Lakes region, and Chicago, Mil-  
waukee and Minneapolis reported  
below-freezing temperatures.

Facilities Break Down  
Transportation and communi-  
cation facilities in New England  
and upstate New York broke  
down today as a result of the  
storm. The Coast Guard reported  
at least three vessels in trouble.

A 37-foot cabin cruiser out of  
Newport, R. I., and a fishing boat  
out of New Bedford, Mass., were  
missing. The third vessel was  
grounded on Spectacle Island in  
Boston Harbor.

The weather station atop 5,000-  
foot Mount Washington, N. H., re-  
ported wind velocities as high as  
100 miles an hour. The northeast  
gale which struck Boston at 80  
miles an hour caused thousands  
of dollars in damage to power and  
telephone lines, breaking plate  
glass windows and hurling sea  
water. Flows had to be used to  
clear tons of sand blown across  
Ocean boulevard at Hampton  
Beach, N. H., and a 100-foot whaling  
dock in the Northern Avenue  
dock area of Boston was  
damaged. Many small craft were  
washed ashore.

Two storm deaths were reported  
in New England. A heart attack,  
Mass., doctor died of a heart at-  
tack induced by exertion while  
walking through heavy snow. A  
Cranston, R. I., man collapsed and  
died in the snow outside his home.

Eleven deaths were reported in  
New York. Five were from over-  
exertion while shoveling snow  
and six from motor vehicle ac-  
cidents.

In New Jersey three persons  
were killed.

## Hunt Made for 'Chate' "Hanging from Wires"

Report of a parachute hanging  
from telephone wires was received  
by Marion state patrolmen at 1:35  
a. m. today. A motorist called to  
say that he had noticed a para-  
chute hanging from wires along  
the first road south of the Country  
club and about a half-mile west  
of the highway.

Patrolmen investigated but  
failed to find the parachute. The  
man who made the report did not  
identify himself. Patrol officers  
said there had been no reported  
plane crash or trouble with any  
craft in the vicinity that might be  
connected with the incident.

## RAP POLITICS IN WAR PROBE

G.O.P. Congressmen Call for  
Non-Partisanship in Pearl  
Harbor Inquiry.

The Associated Press  
WASHINGTON, Nov. 30.—Thir-  
ty-nine house Republican repre-  
sentatives, young in congress,  
joined in a statement today call-  
ing for non-partisanship in the  
Pearl Harbor inquiry and also in  
consideration of universal military  
training.

These members, all of whom  
entered congress within the last  
three years, declared they intend  
to speak for themselves on these  
and other matters, and don't in-  
tend to let veteran Republicans  
speak for them.

The statement, made  
public by Rep. Augustus Bonomi  
of New York, said the Pearl Har-  
bor inquiry would be justified un-  
less it is conducted "fearlessly  
and without favor, prejudice, or  
partisanship."

It said, "We emphatically reject  
any suggestion that our govern-  
ment should have acquiesced in  
Japan's program of aggression."

In the Pearl Harbor investiga-  
tion, Republicans and Democrats  
on the committee have frequently  
criticized one another. Democrats  
have stated the Republican mem-  
bers are seeking to place blame  
on the late President Roosevelt  
and the state department.

Signers of the statement in ad-  
dition to Bonomi included Mc-  
Cowan and Ramey of Ohio.

The senate continued its debate  
on a bill providing for U. S. par-  
ticipation in the United Nations  
Organization.

This bill is expected to pass the  
senate and be sent to the house.  
Senators have been debating the  
measure all week.

## HESS ADMITS FAKE AMNESIA, DESIRES TRIAL

Ex-No. 2 Nazi Tells Court He  
Accepts Full Responsibility  
for Acts.

By The Associated Press  
NUERNBERG, Nov. 30.—Rudolf  
Hess told the international mili-  
tary tribunal today that he ac-  
cepted "full responsibility for all  
I have done signed or co-signed,"  
and that he wished to continue on  
trial with his fellow Nazis.

Hess declared he had feigned  
loss of memory for "tactical rea-  
sons."

The court adjourned for the  
day without announcing a ruling  
on the mental fitness of the for-  
mer No. 2 deputy fuhrer, whom  
Allied psychiatrists have report-  
ed sane, but suffering from  
hysteria.

Hess' case was brought up after  
a surprise German witness testi-  
fied Germany's leading spy expert  
long plotted against Hitler and  
finally was executed in 1944 after  
the failure of the bomb plot  
against Fuhrer.

Private conversations of Hitler  
and top Nazi leaders were related  
before the international military  
tribunal today by a high German  
army officer, who quoted former  
Foreign Minister Joachim von  
Ribbentrop as saying "all farms  
of Poles must be burned to the  
ground and all Jews killed" in  
the invasion of Poland.

The first witness to testify at  
the trial of von Ribbentrop and  
18 others of Hitler's closest fol-  
lowers was Maj. Gen. Erwin La-  
houzen, said to Admiral Walter  
Wilhelm Canaris, German intelli-  
gence "genius" who was ex-  
ecuted for participating in the  
unsuccessful bomb plot against  
Hitler in 1944.

Had To Use Trickery  
Discussing Canaris' refusal to  
carry out orders to have Weygand  
and Henri Giraud—another  
French general—killed, Lahouzen  
said the admiral had to indulge  
in subterfuge to avoid carrying  
out the assignment.

Ketel did not press for the  
slaying of Weygand but got orders  
from Hitler in mid-1942 to  
carry out the plot against Giraud  
who had escaped from the Ger-  
man fortress at Koeningstein, the  
witness said about this time.  
Reinhard Heydrich, chief of the  
security police, was assassinated  
in Prague.

Lahouzen said Canaris then  
told Field Marshal Ketel Hey-  
drich he had been commissioned be-  
fore his death to carry out the  
assassination of Giraud and had  
failed.

"Hitler was most indignant,"  
Lahouzen said.

## Schools Go Far Over Top In Two-Day Victory Bond Drive

Sales Total \$71,204.75 To Pass Goal of \$60,000; Twenty  
Hospital Units Assured.

Marion public and parochial schools went far over their goal  
in the two-day Victory Loan sale completed yesterday.  
With a goal of \$60,000 the schools sold a total of \$71,204.75 to  
go over the top by \$11,204.75. Yesterday's sales amounted to \$34-  
924. Of this amount \$400 was credited to the schools from bond  
sales at the Victory Loan train yesterday.

The schools had a specific goal of furnishing 20 complete hos-  
pital units for wounded service  
men. They hit this goal exactly  
with numerous schools having  
sales in addition to the \$3,000  
needed to pay for the units.

St. Mary School High  
St. Mary parochial school set  
the high mark in the sale with  
sales sufficient to furnish six  
complete hospital units. Vernon  
Junior High school was second  
with three. Harding High school  
had four, and Greenwood ele-  
mentary school two. Schools with  
one unit to their credit are For-  
est Lawn, George Washington  
North street, Oak street and Pearl  
street.

Plates bearing the names of  
these schools will be attached to  
hospital beds in a number of  
units corresponding to the amount  
of bonds sold in the school cam-  
paign. Marion pupils were joining  
soldiers throughout the nation in  
a drive to provide hospital facili-  
ties for returning wounded serv-  
icemen.

Residential Sale Next Week  
Sales records of the elementary  
schools are expected to be bon-  
sted next week when pupils con-  
duct a house-to-house canvass of  
the city in the interest of the Vic-  
tory Loan.

On Monday elementary pupils  
will call at every house to solicit  
applications for bonds. When a  
resident expresses a desire to  
purchase a bond the elementary  
pupil will report to the junior  
high school in the district. On  
Tuesday a bond salesman from  
the junior high school will call to  
take the application and collect  
the money.

Money Through Banks  
The bonds will be written by  
Marion banks and delivered to  
the purchaser by the junior high  
salesman.

Drive directors today asked that  
persons intending to buy bonds  
in this canvass have the exact  
change ready for the salesman.  
The school sale is the only in-  
tensive citywide effort to pro-  
mote the sale of E bonds in the  
Victory loan.

crease and halts what the com-  
pany termed illegal picketing of  
GM plants. The company's pres-  
ident, Charles E. Wilson, said the  
picketing issue would be discussed  
at a meeting between company  
and union representatives today.

A \$100 reward was offered by  
the UAW-CIO at Saginaw for the  
arrest and conviction of per-  
sons responsible for throwing  
bricks through a window at the  
home of one GM executive and  
rolling a log against the door of

Ward Parley met  
CIO representatives of employees

scheduled to continue through to-  
morrow.

More settlements of the basis of  
a 10-cent hourly pay raise were  
underway in the nine-week-old  
Ford northwest lumber dispute.  
Acting on President Truman's  
orders, the Office of Defense  
Transportation yesterday warned  
the Great Lakes Towing Co. of  
Cleveland. The company is in-  
volved in a labor dispute.

A possible walkout to back up  
the CIO strikers' 50 a day  
wage increase campaign will be  
considered at a meeting of the  
union's wage policy committee in  
Pittsburgh Dec. 10.

Full Set Today  
The National Labor Relations  
board will poll more than 100,000  
CIO United Packinghouse Workers

WAGE ISSUE FIGHT  
FACING CONFERENCE  
By The Associated Press  
WASHINGTON, Nov. 30.—The  
labor-management conference  
turned today from harmonious ac-  
tion on agreed upon declarations  
to final sessions threatening to  
flare into controversy.

Chief among the points at issue  
is the relation of wages to the  
storm of reconversion labor dis-  
putes. The CIO raised by CIO  
President Philip Murray who has  
indicated he will raise the wage  
issue on the conference floor if it  
is not disposed of to his satisfac-  
tion in a final session of the ex-  
ecutive committee.

At yesterday's meeting the 36  
labor and management delegates  
unanimously adopted reports of  
three committees.

They called for the strengthen-  
ing of the U. S. contribution ser-  
vice in the labor department, with  
additional funds to be requested  
from congress.

The other two ruled out strikes  
or lockouts until "all other peace-  
ful procedures" such as voluntary  
arbitration had been tried in re-  
solving disputes over present con-  
ditions.

The conference also accepted  
unanimously executive committee  
resolutions calling for a semi-per-  
manent labor-management advi-  
sory committee of eight men.

# UNION CO. SHERIFF NAMED IN PETITION

Soldier Accuses Roosa in Suit for Divorce.

Sheriff Homer S. Roosa of Union county was accused of maintaining a "clandestine relationship" with a Columbus soldier's wife in a divorce petition filed in the Franklin county domestic relations court yesterday by Robert P. Smith of Columbus, against Mrs. Marie Ann Smith of Marysville, according to a news report appearing in the Ohio State Journal today.

Smith, who charged his wife with neglect and cruelty, alleged she had been "carrying on a clandestine relationship" with Roosa, and that upon his return from overseas, she told him that "she had been just the same as living with the sheriff" since Smith went into the Army on Nov. 1, 1942.

Smith has been discharged from the Army.

She also told him, Smith said, that she was "in love with the sheriff and wanted nothing to do with him whatsoever," raising him "great mental distress and humiliation."

Smith alleged that "it is generally known in the community that his wife has been in constant company with the sheriff of Union county" and said that proof would be offered when his suit is heard.

He said he and Mrs. Smith were married at Marysville Nov. 7, 1942. He asked for custody of a 2½-year-old daughter.

Roosa is serving his fourth term as sheriff of Union county. He was reelected in 1944.

He is married and has a 19-year-old son, Charles, in the Navy. The Associated Press quoted Sheriff Roosa, informed of the accusation, as saying at Marysville:

"I know the girl well. I have been very friendly with the entire family for some time." He declined to comment further.

general said, included orders for mass execution of Russian prisoners.

After showing of motion pictures of German concentration camps, counsel for some of the defendants indicated they would plead their clients had no knowledge of the concentration camp cruelties.

Lahousen said Canaris, who ran the German spy service disguised as a commercial agency during the days of the German republic, hated Hitler and headed a military clique which plotted against the Nazi leader from the time he rose to power.

Lahousen said Canaris unsuccessfully protested against mass murder and ill-treatment of Russian prisoners, who were starved until "cannibalism ensued."

Two small sons of Mr. and Mrs. Charles Steurer of north of Marion are getting an early start in business but so far it has proved profitable.

In the spring of 1944, the two boys, Virgil, 7, and Eugene, 3, each received a baby lamb as a pet. One of the lams, a buck, was sold last Saturday. The boys received 1½ cents per pound for the 200-pound animal, realizing a total of \$23.

The decision was then made to keep the ewe as a starter for more lams.

## Says Japs Forced To Behold Yanks or Die

**KWAJALEIN, Marshall Islands, Nov. 30** — A Japanese colonel testified today that Imperial army discipline was so strict that if his men had disobeyed his orders to behold American fliers they would have been executed.

The prosecutor drew that statement from 54-year-old Col. Chisato Oishi, senior army officer on Mili atoll, where five Yank fliers were executed after their bomber was shot down. He and nine other officers are charged with complicity in the beheadings.

Oishi acknowledged he issued the orders which sent three of the five to their deaths—but maintained his orders came from Navy Capt. Masanori Shiga, atoll commander.

## Army-Navy Clash Saturday To Draw Over 100,000 Fans

President Top Spectator for Classic; Middies Underdogs, but Determined To Score Upset.

By The Associated Press

PHILADELPHIA, Nov. 30—An underdog out undaunted Navy team takes on the fearsome job tomorrow of trying to stop Army's magical and mighty eleven in the 46th game between the service academies—a rivalry that started in 1890.

President Truman, the Cadet corps and the Midshipmen brigade will be among more than 100,000 spectators in municipal stadium when Navy's unbeaten and one-tied team goes up against the wondrous West Pointers who have won 17 consecutive games.

The rival service eleven were to hold light practice drills today. The weatherman foresaw fair, cold weather for the game.

Army's string of victories, plus the fact none of its opponents this year had scored a point by pushing through the Cadets' cavalry line, were reasons why Col. Earl Blaik's molekinners ruled a 27-point favorite.

Army had scored touchdowns and won games in a much-pleased manner except for about 13 minutes in the game against Notre Dame, when the Ramblers, trailing by seven points, pushed the Cadets around but couldn't contrive a score. Michigan passed to a touchdown against the Army varsity, and Duke halted 13 points against a mixture of second and third team players.

Navy, on the other hand, had to stage fourth-quarter rallies to gain a 6-6 tie with Notre Dame and a 14-6 victory over Pennsylvania. Army annihilated these opponents 40 to 0 and 81 to 0, respectively. In all, the service teams met five mutual opponents this season—Villanova, Duke, Notre Dame and Penn. Army rolled up 239 points against them and gave up 20, while Navy scored 123 points and yielded 19.

### UNKNOWN PRO LEADS

By The Associated Press  
ORLANDO, Fla., Nov. 30—A comparatively unknown professional who turned in a first round eight-under-par 63 led the nation's top bracket golfers as they swung into the second round of the \$10,000 Orlando open tournament here today. Les Kennedy, 27-year-old linkswoman from Pawtucket, R. I., scored a 31 and 32, only one stroke above the PGA tournament record.

## Snatches of Sports

By HUGH FULLERTON JR.  
Associated Press Sports Writer

NEW YORK, Nov. 30—Looks like the only real argument at the winter minor league baseball meetings next week may be generated by the effort of the "AAA" leagues to move into a new "AAA" classification—and there isn't much point to that one. . . . What they'd claim in higher draft prices would be offset by higher salaries and other increased expenses, so the only advantage would be to keep the prestige of being a step ahead of the Southern Association, which is going into class "AA." . . . International League Presy Shug Shuehnessy, while insisting that four cities in his circuit could qualify for the majors, figures it would be better for all hands to stay where they are. . . . "If the Southern moves up and we don't," says Shug, "they'll be the sorriest bunch of guys you ever saw."

**Sports Before Your Eyes**  
Looks like Roy Hamey is a cinch to be elected American Association president with Parke Carroll taking over Roy's job with the Kansas City Blues. Larry MacPhail, who hired Carroll with "no definite assignment," likes to have his minor league clubs bossed by men from their "home" territory. . . . Buff Donelli, reported in line for almost every football coaching job that is or may be open, insists he hasn't even talked about the Syracuse, N. Y., spot. The guy Syracuse really would like to get is Michigan's Biggie Munn.

**Observation Post**  
Ray Morrison, Temple grid coach, proposes the formation of two real college football leagues in the east—an eight-team "Ivy" league and a 12-school "Polson Ivy" group. . . . Sounds like a vine idea.

**Cleaning the Cuff**  
Plaques in memory of Al Blozis and Jack Lummus, football giants who died in action, will be dedicated before the Giants-Eagles game Sunday. They'll be placed near the monuments to John McGraw and Eddie Grant. . . . One of the high spots at the minor league convention at Columbus, O., will be a style show for the ladies. . . . Those satin uniforms the Dodgers used positively will not be shown.

During early coast to coast air mail flights, farmers along the route were enlisted to build bonfires to guide pilots in their first night flights.

## ARMY DEMANDS DOPE ON RETURN TO U. S. OF 54 LOW-POINT STARS

Paper Reports Team Not Eligible for Discharge, Yet Flew Home.

By The Associated Press  
WASHINGTON, Nov. 30—The Army has asked its commander in Hawaii for a report on the asserted return of 54 football players to the United States by air although they had too few points to be discharged.

An editorial in Stars and Stripes, Army newspaper, said only 13 to the 54, all of whom were members of the Army Air Forces, Hawaiian Flyers team, could qualify for release even under the reduced score of 55 points which will go into effect soon.

The war department last night said: "It is war department policy that no member of the Army is to be returned to the United States under the point system from a theater unless he has sufficient points for discharge."

Three of the former members of the Hawaii Air Force team have gone back to playing with their old National Professional Football league clubs—Bill Dudley of the Pittsburgh Steelers, Jack Jacobs of the Cleveland Rams and Elmer Madarik of the Detroit Lions.

Jacobs said at Cleveland "the players were flown to the United States for reassignment, not discharge."

### PRO CAGE STAR OUT

By The Associated Press  
CLEVELAND, O., Nov. 30—The Cleveland Allmen Transfers of the National Pro Basketball league today released Don Warnke from the squad, Coach Jeff Carlin reported. Carlin said Bob Shaw, former Ohio football star now playing with the Cleveland Rams of the National Pro Football league, would assume Warnke's post. The Allmen's open their home season here Sunday night against Youngstown.

### MIAMI ENTERS STAR

SAFETY, as before to play.

Tucker remained in the hospital again last night with a slight case of influenza.

If Tucker is unable to play tomorrow, his absence will be felt by Dick Waterhouse who is carrying Tucker's quota at the center of the team but that quote is a "small passer."

# LOVE'S FAIR HORIZON

By ADELE GARRISON

I HAD thought my anger at "George" was not when he was "playing off" Mary against Noel, but it was nothing to the white heat of anger I felt against Noel for the jealous, insinuating remark he just had made to his wife regarding Dicky. I did not dare to look at Dicky, for I knew that Mary's uncle would be murderous in his anger against the man who was using his adored niece so cavalierly. But I shot a glance at Jack, and saw that his face was dark with disapproval, and that Katharine was undeniably scowling.

Fortunately, Mary's grandmother is a trifle hard of hearing, and she did not catch the remark. But the rest of us did, and the atmosphere of the room was thick with disapproval. But Noel was so absorbed in the jealous hatred which Jack's unfortunate remark had kindled in him that he had no eyes for anyone but Mary.

I was proud of Dicky's lovely niece than I ever have been as she picked up the insulting remark with no telltale flinching of her facial muscles, and answered it lightly.

## Just the Right Tone

"Yes, I'm sorry I couldn't have seen George in that get-up," she replied with just the right tone. "He is so theatrical, he loves

dressing up as a small boy does. I'll bet he was having the time of his life when he went out of town."

I saw the anger fade from Noel's face, to be replaced by just a look of puzzlement, and then, to my joy, an amused look. That Dicky had seen the change, too, I realized, when he answered Mary, drawing the limelight away from Noel and permitting him to be silent and abashed with no one noticing him.

"You struck the gong that time, Mary," he said easily. "Anything happier than old George as he strutted out of here you couldn't find in a month of Sundays. He sure was the cat's whiskers, to go back a quarter of a century for a smile."

"It still goes today," Jack commented. "You folks sure should have seen that lad."

## Need of Workbook

"By the way, Auntie Madge," Mary struck in. "Didn't you say you had need of my workbook?"

"Yes, I have," I said, taking her cue. "I tore a dress of mine badly, and I haven't any thread to match."

"I have all the colors of the rainbow," Mary said lightly. "And then some. Do you want me to come with you? Could I help?"

"Indeed you could," I told her. "It's a long rent, and I shall need to have it held firmly until I get it basted."

## Grim Faced

But the instant the door closed behind us, and I saw her look to see that it was firmly closed—she was taking no chances on another overheard conversation—her grim faded, and she faced me with gravely intent eyes.

"What is it, Auntie Madge? I think we fooled the resident and visiting firemen, but I mustn't stay in here too long."

"You won't have to," I told her. Then I walked to the dresser, blessing the forethought that had led me to transfer the envelope of Mary's photographs which George had given me, from my hand to the middle dresser drawer as soon as I could reach the bedroom after my return to the apartment.

"George told me to give these to you," I said, thrusting the envelope into her hands. "He also gave me two messages for you. But please look at the contents of that envelope first."

## YOUR HEALTH

By HERMAN BUNDESEN, M.D.

### Overweights

This matter of being overweight always deserves serious consideration. One of the most important and common types of obesity or overweight is that which is due to overeating. There are a few instances in which the overweight is due to some glandular disturbance, but these are far in the minority.

According to Doctor Louis Pelner of Brooklyn, overeating may be due to some psychic or mental disturbance, in which a person is unprepared to meet the social demands of everyday life. Then, too, there may be people who lack normal interest in life and obtain pleasure in overeating. It is often impossible to satisfy the appetites of such persons.

There is, also, a certain form of mental conflict in women, which may lead to obesity. They overeat and get fat to escape from the competition for masculine attention.

In treating obesity due to overeating, it is obvious that the first and most important thing to do is to put the patient on a low-calorie well-balanced diet, that is, a diet low in heat-producing value, but containing all of the necessary food elements, vitamins and minerals.

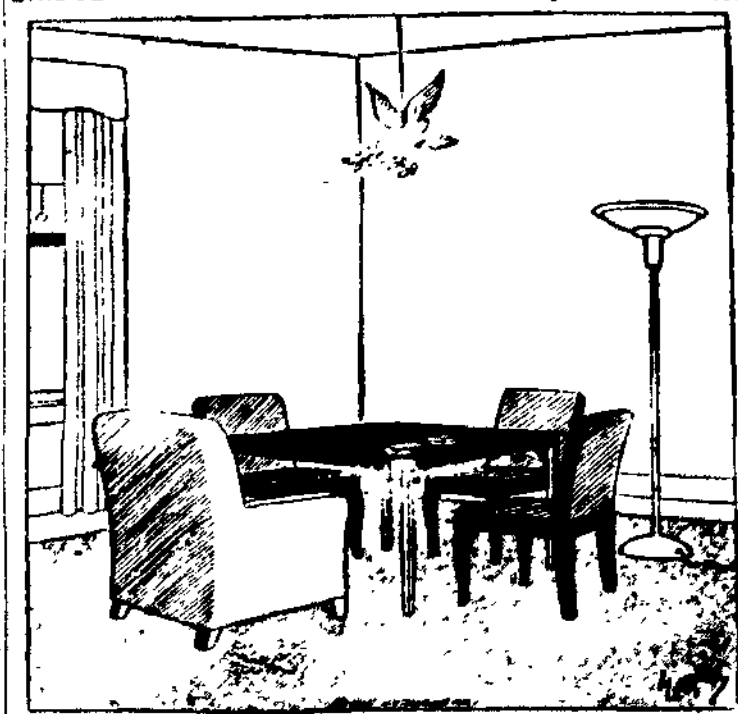

If the patient can stick to the diet, no other treatment will be necessary, but because of the mental conflicts which may be present, the patients, as a rule, will not follow the diet outlined for them.

Of course, the diet should, as a rule, be limited in such things as fatty meats, fried foods, bread, butter, chocolate, cocoa, ice cream, and cream. Pastries, alcoholic drinks, sweet potatoes, and white cereals, such as rice and farina, must also be reduced in amount. The patient should eat sparingly of such vegetables as green peas, lima beans, potatoes and corn, and of such fruits as berries, apples, cherries, bananas and grapes.

The following of a low-calorie diet may often cause a feeling of weakness, and this, together with the fact that many persons find it difficult to curb their appetites, makes it difficult for the patient to stick to a reducing program. Therefore, it may be necessary during the reducing period to employ some substance that will check the appetite and, at the

same time, give the patient a feeling of well-being that will encourage him to continue the dietary treatment. Two substances are used for this purpose, one, amphetamine and the other, atropine. The drug, as a rule, is given by mouth one hour before each meal. From time to time it may be necessary to increase the dose of these drugs, as the patient develops a tolerance to them. Of course, these preparations should be used only under the doctor's direction.

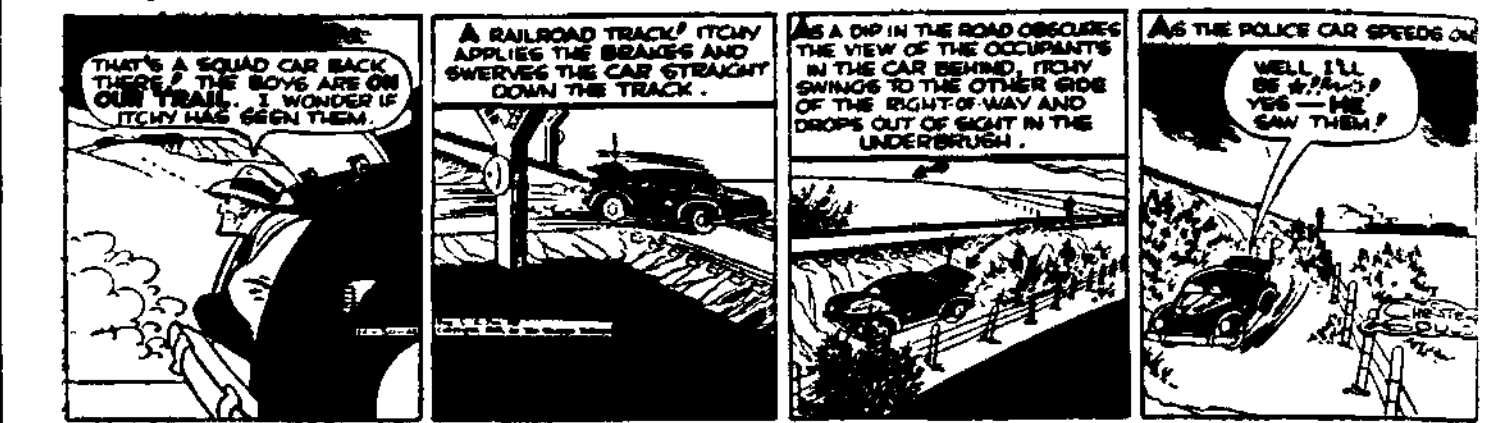

Persons who are overweight can reduce if they follow a well-planned program which the doctor will outline for them.

# PROBERS VIEW STRIP MINES

## Governor Says He's Convinced Tax Needed To Reclaim Spoiled Land.

The Associated Press  
Nov. 30 — Ohio's strip-mining is a good mudders. The state and six commissioners gathered through southeastern Ohio for a first-hand view of the spoil left by surface coal mining.

The new spoil bank is a sight to behold. It is a wasteland of dirt and rocks, bare except for widely scattered weeds, and Lausche is convinced that even a tax on strip-mined coal is not enough to reclaim the land to usefulness.

**Wants Regulation**  
The governor repeatedly has urged strict regulation of the strip-mining industry, and he is entrusted with the duty of recommending such legislation. He has indicated he would introduce a bill at the next session early next year.

He have protested that the tax of six cents a ton on coal would place a competitive disadvantage on the strip-mined coal. He also pointed out that the tax would be a levy on the coal operators. He said that the tax would be a levy on the coal operators. He said that the tax would be a levy on the coal operators.

cation takes no position regarding legislation, our eight years of experimentation have convinced us that such a varied and complex problem can best be solved if dealt with by people who are motivated by self-interest.

**Reports Tree Planting**  
The association reported 3,500,000 trees were planted by operators in strip-mined areas during the past eight years and said 2,503,000 more were on order.

Commission spokesmen said strip-mining increased about 15 per cent during the first three quarters of 1945 over the corresponding 1944 period and predicted production of 11,500,000 tons this year.

The 27-year-old spoil banks were located about a mile southeast of New Lexington near the farm of Federal Judge Mel G. Underwood.

The governor left the party near Logan to keep other engagements and the commission continued through Athens, Vinton and Jackson counties.

The committee departed for a tour of the Fairmont, W. Va., region today.

Commission members on the trip included Rep. Clifton L. Caryl of Marysville (R-Union).

# Ohio Doctor Who Saved Tojo Says Premier Begged To Die

By The Associated Press  
SEATTLE, Wash., Nov. 30.—Capt. James B. Johnson Jr., an Army surgeon from Newark, O., who helped save Tojo from a hara-kiri death, said today the former Japanese premier tried to take him out of it.

Capt. Johnson, who arrived here yesterday with 126 American division troops aboard the USS Gen. O. H. Ernest, told newsmen of the part he played in pulling Tojo through after the Axis war lord shot himself last September as American officials approached his home to take him into custody.

Johnson, who was with the 1st Medical Squadron of the 1st Cavalry division in Japan, said he was called away from dinner to Tojo's bedside.

"I thought it was a joke at first," said the 39-year-old surgeon who practiced medicine in Newark for eight years before he entered the service.

Although he was in state of extreme shock and physical collapse, Tojo kept talking for several minutes with the interpreter. "I asked what he was saying and the interpreter replied: 'He says he wants to die and doesn't want you to take care of him.'"

The Ohio surgeon said he quickly administered plasma and a hypodermic of morphine to quiet Tojo as the bullet wounds, which went through the body near the heart, could be closed.

"Tojo's nobility didn't impress me at all," he added.

Johnson is a son-in-law of former Gov. Vic Donahey of Ohio.

# NEW TYPE STOP SIGN PUT IN USE

**Special Reflectors Improve Traffic Control Device.**

Stop signs of a new type have been installed on Park boulevard at the intersection with West Columbus street as an alternative to putting in a traffic light, Edward O. Linapher, safety service director, said today.

Request was made for the installation of a traffic light at the intersection but when the reasons were checked it was found that only three minor accidents had occurred there this year. This was felt to be insufficient grounds for the expense of installing a traffic light and the new type signs were decided upon.

The octagonal shape, the signs are about one and one-half times the size of the older models and bear only the one word "Stop." The sign depends for illumination on a new cloth-like material with such reflective properties. A strip of this gray material is fastened across the face of the octagon and the letters mounted on it. Headlights reflect from the back of the sign rather than from the letters.

By placing strips of the material behind letters of signs whose reflecting glass has been broken, all of the stop signs in use can be retouched. Mr. Linapher said. He reported that while little work has been done during the war years, all traffic signs will be repaired, painted or replaced as rapidly as possible.

# Never - Bashful Marines Honor Correspondent Corps Founder

**JAMES E. HAGUE**  
Marine Correspondent with Associated Press

NGTON, Nov. 30—The Marine Corps never has been accused of bashfulness. Under the work of one man, the Corps has been brought into the limelight of the world's eyes.

Brig Gen Robert Sanborn, who has been in the Corps since 1905, said that the Corps has been brought into the limelight of the world's eyes.

General Denig is no newspaperman. He has been a professional Marine since 1905.

Denig staffed his group with experienced legmen, rewrite men and copywriters.

The specialized staff was never very large—about 200 at the peak, with 70 to 90 per cent always overseas.

Guadalcanal was their first real story. The bravery there, at Tarawa and on the beaches of Iwo Jima, were the first real stories.

That wasn't the goal of the Marine Corps. It was to link the Marine at war with the people at home.

Civilian correspondents couldn't cover the little goings-on of small units. The combat correspondent living fighting and even dying with comrades was able to provide those homespun pieces.

# UNRRA Corrects AP on Firing of 600

**By The Associated Press**  
HERFORD, Germany, Nov. 30—Leo J. Margolin, chief of the United Nations Relief and Rehabilitation Administration, said in a statement yesterday that 600 UNRRA employees had been dismissed for incompetence within the last few months.

He said most of those dismissed were of European origin.

Margolin declared he wished to correct a previous Associated Press report which quoted him as saying 600 UNRRA workers had been fired.

He said the UNRRA had been dismissed six persons, not 600.

(In London the European office of the UNRRA said the previous report that the dismissals were in connection with a two-month investigation into black market activities in Germany "is completely inaccurate.")

## Piles Are Never "Mild"

**DANGER IN NEGLECT**

No one should ever think of piles (hemorrhoids) as a "mild" disorder.

Although they may seem a mild ailment, especially when not causing pain or inconvenience, piles are in fact tumor formation without tendency to heal themselves. Instead, they are likely, if neglected to keep increasing in size, involving more and more of the rectal area.

Even a so-called "mild" case may be expected to undermine one's health by inviting, predisposing to or aggravating ailments, such as indigestion, constipation, stomach trouble, nervousness, headaches, pain in back and down the legs, secondary anemia with its run-down tired feeling, and general nervous irritability.

Removal of piles is the only permanent relief—written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs, and seldom to the patient's mind to lose any time from work or other duties.

Who not call and learn of this method? The examination is free.

# HOUSE OKAYS FLOOD CONTROL

## Overrules Committee, Adding 122 Millions; Delaware Reservoir Gets Fund.

WASHINGTON, Nov. 30.—The house today overruled its appropriations committee to add more than \$122,000,000 for navigation and flood control to a deficiency supply bill.

Ending a prolonged dispute, the action coincided with President Truman's request for the money to put war-halted water programs back on a peacetime basis, as suggested by the Army engineers. By a standing vote of 137-83, the house approved the fund, totaling \$122,375,000 and covering scores of projects throughout the country.

The committee, led by Chairman Cannon (D-Mo.), wanted the appropriation shelved until the engineers submitted their estimates for the new fiscal year beginning next July.

The fund was added to a deficiency bill carrying \$1,131,452,312 in appropriations.

Projects covered by the funds added to the bill by the house and their estimated costs, include:

Flood control, Wolf Creek Reservoir, Ky., \$4,000,000; Newport, Kl., \$500,000; Delaware Reservoir, O., \$1,000,000; Muskingum Reservoir, O., \$1,500,000; Massillon, Ky., \$500,000; Dewey Reservoir, O., \$1,000,000.
